

INTRODUCING THE NEW SHEETROCK TOOLS

# DRYWALL POLE SANDER

The drywall industries premium brand brings you an exceptionally engineered pole sander built to perform.

#USG340900

## SPECIFICATIONS

- A low center of gravity helps to prevent flipping and gouging of the wall
- Clamps are designed for quick and easy paper changes and sit low as to not mark up the wall
- Setting screw is used to lock down the pole and keep it from turning, twisting, or unscrewing
- Can be purchased with our sturdy aluminum pole, or used with most standard extension or paint poles

**Built to the highest standards you have come to expect from the Sheetrock Tools brand.**
